

Chandler and Grant Glaucoma Sixth Edition: A Comprehensive Review of the Diagnosis and Management of Glaucoma

Glaucoma is a leading cause of blindness worldwide. It is a group of eye diseases that damage the optic nerve, which is responsible for sending visual information from the eye to the brain. Glaucoma is often asymptomatic in the early stages, but as it progresses, it can cause vision loss, blindness, and even death.

The diagnosis and management of glaucoma is complex and requires a thorough understanding of the disease process. Chandler and Grant Glaucoma Sixth Edition is the definitive reference on the diagnosis and management of glaucoma. This comprehensive textbook provides a thorough overview of the latest advances in glaucoma research and clinical practice, including new surgical techniques, drug therapies, and diagnostic tools.
