

Division Facts With Critters: A Comprehensive Guide to the Learning Essentials Math Reading Flashcard Series

Division Facts With Critters is a comprehensive flashcard series designed to help children master division facts. The series includes 100 flashcards, each featuring a different division fact. The flashcards are organized into ten levels, with each level covering a different set of division facts. Children can work through the levels at their own pace, starting with the basic facts and progressing to more challenging ones.

Each flashcard features a colorful illustration of a different animal, along with the division fact and the answer. The animals are designed to be engaging and memorable, helping children to learn the facts more easily. The flashcards also include a variety of activities to help children practice their division skills.
